AUGUST 2022 - PRESENT

Concentration: Intelligence and Games

GPA: N/A

Scholarships: Zell Miller

CODING LANGUAGES

Java

Javascript

C

CSS

AWARDS

Dean's List (University of Georgia) - Spring 2022

PROJECTS

Deep Learning Playground

DLP is a project that aims to allow non-technical people to use machine learning for their small/medium scaled endeavors. It is built on ReactJS on the frontend and Python on the backend, deployed on AWS.

iTunes Gallery

Built a GUI application in Java using JavaFX 11 that displays a gallery of images based on the results of a search query to the iTunes Search API.
